DAVIDSON'S KidWorks 2

New MATH BLASTER Plus!
World's best-selling math program! **NEW!** State-of-the-art

AGES 4 to 9

Reading Adventures
in
OZ

Builds pre-school through third grade reading skills with one program!

*The new corporate offices of
Davidson & Associates, located in
Torrance, California.*

Dear Parent,

At Davidson, we want your children to have fun while they're becoming successful learners. That's why we create programs that combine enriching learning activities with game play that is both entertaining and educational. It's a formula that motivates children to want to learn.

Our newest products, **Reading Adventures in OZ**, **Davidson's Zoo Keeper**, and **Kid Works 2**, illustrate our continued commitment to innovation and excellence. Each product offers countless hours of successful learning. These highly interactive products combine sound educational principles with state-of-the-art graphics, sound and speech, real-life photos, and exciting animations. Each of these programs provides your child with a rich learning environment that is both engaging and easy to use.

I invite you to learn more about these new programs as well as the many other award-winning software products offered by Davidson and our affiliates - Earthquest, Lawrence Productions, and ZugWare. All you need to do is look inside.

Learning CAN be fun. For the past ten years, Davidson has been committed to this belief and has gained the support of literally millions of satisfied customers. I know your own experiences with our products will make a believer out of you too!

Sincerely,

A handwritten signature in black ink that reads "Jan Davidson".

Jan Davidson, Ph.D.
President and Founder

ARTHQUEST

Interactive multimedia products that unlock the wonders of the world.

NEW!

TIME TREKS™ *Ages 10 to Adult*

TIME TREKS is an interactive world history adventure which teaches global history from 3400BC to the present through 176 detailed timelines as well as a series of thematic views of history. Players must decipher and solve a series of challenges and clues in order to prevent history from being taken over by tyrants. Players can progress through as many as five increasingly difficult levels of play. A special explore mode allows easy access to a wealth of historical

information without playing the game. The extensive archives include timelines, maps, and thematic sections such as science, lifestyles, wars, changing borders, trade, explorers, religion, and empires.

“Time Treks is a history adventure game complete with time bombs, secret passages, and treasure hunts, spiced with animation and sound. Mixed with the fun, however, are thousands of historical snippets of information that can be used as reference and entertainment.”

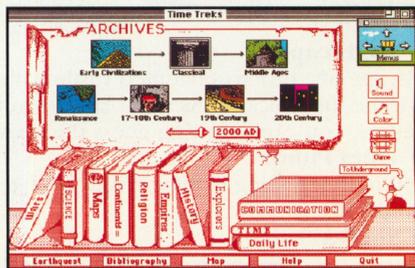

Peter H. Lewis

New York Times

“Time Treks is a wild hybrid of Jeopardy and a dungeon adventure... You don't have to play the game to enjoy TIME TREKS—you can just explore the world history Archives, blazing your own trail through all kinds of topical and chronological links.”

LAWRENCE PRODUCTIONS

EARLY LEARNING
No Words
Format

Katie's Farm™ Ages 2 to 5

While visiting KATIE'S FARM, your child can explore the chicken coop, the barn, the garden, gather eggs, watch Aunt Thelma milk the cow, catch a fish, see a scarecrow dance, or even go down to the pond.

On KATIE'S FARM, where chickens squawk, buckets squeak, and the horse neighs, children discover how to control a computer while learning about life on a farm!

Katie's Farm reinforces

early-learning skills such as eye/hand coordination, cause and effect, and story-telling. And it does it all without the child needing to read a word!

Suggested Retail Prices:

McGee™ Ages 2 to 5

A very special offering, this program provides an easy way for young children to become familiar with the computer. A completely interactive program featuring remarkable graphics, youngsters can independently choose from a wide variety of entertaining activities like playing on the swing, making a phone call or giving a treat to the dog. They simply click the mouse and make their selections.

A special feature of

McGEE is that preschoolers can run this program by themselves because there are no words in the program. Along with knowledge of the computer and a sense of control over the machine, come confidence, a sense of discovery and learning for the sheer fun of it!

Suggested Retail Prices:

McGee at the Fun Fair™ Ages 2 to 5

McGee and his best pal, Tony, take Mom and Dad to the park for the summer fun fair. They climb on the monkey bars, eat ice cream, watch a clown twist balloons into animals, and more.

McGEE AT THE FUN FAIR incorporates animation and digitized sound. It encourages exploration, and language development as the child makes decisions and then carries out the action.

Suggested Retail Prices:

The captivating graphics make it an excellent addition to your preschooler's library.

PRODUCTIONS

*Lead your people
to safety and
prosperity in
this exciting new
strategy game!*

The Lost Tribe™ Ages 8 to Adult

THE LOST TRIBE is a leadership strategy game set in prehistoric times. As leader of a prehistoric tribe, you must take your people safely to their ancestral homeland. Members of your tribe will try to overthrow you. Natural disasters will slow you down. You must keep

your people safe, well fed and rested, and resolve the conflicts among them. The game includes six levels of

challenge, over 80 photographs, video clips, cartoon animations, music, sound effects, random events, and an on-screen "Prehistoric Guide to Survival."

The Lost Tribe builds decision-making skills, fosters leadership qualities, and the characteristics of tribal societies. Players will undertake personal leadership of a group, apply

the strategies of problem solving, resolve conflicts, demonstrate tolerance of differing opinions, understand the value of compromise, accept the consequences of decisions, distinguish fact from opinion, and heighten communication skills. And of course...have fun doing so!

- Requires hard disk and mouse
- HD access requires key disk
- Extended 80-column card required for IIE
- Requires minimum 286 processor
- Will NOT run on II+
- Will NOT run on IBM PC Jr.
- Will NOT run on Mac 512
- Will NOT run on Amiga
- Runs on 512KE, Plus, Classic, and SE only
- Requires Mac Plus or higher w/ 1 Mb, 2Mb recommended
- Non-Plus version only
- Requires minimum 12 MHz 286 processor
- Apple IIGS specific

Exciting New Software Programs!

Reading Adventures in OZ™

Ages 4 to 9

Reading Adventures in OZ uses the characters and excitement of Frank

Baum's Oz series of books to help children develop basic reading skills and a lifelong love of reading. Utilizing a whole language approach, the program stresses reading for a purpose as it builds valuable skills. Includes over 40 different screens, each with VGA graphics, captivating animations, and digitized speech and sounds. **See page 6 for more details.**

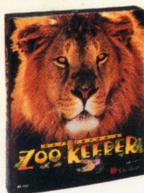

Davidson's Kid Works™ 2

Ages 4 to 10

Kid Works 2 uniquely combines a word processor, paint program and advanced

text-to-speech technology all in one! With the ability to convert text to pictures and pictures to text, children learn to express their thoughts visually and in writing. Delightful sound effects and a paint program fully equipped with exciting paint tools, colorful picture stamps, and built in background scenes provide children with endless hours of creative fun! **See page 8 for more details.**

Davidson's Zoo Keeper™

Ages 6 to 10

With Davidson's Zoo Keeper, children will have endless hours of fun learning about

all sorts of wild and wonderful animals. They'll learn about what these animals look like, where they live, and what they eat, and will even be able to explore their individual habitats. This amazing game features real-life photos courtesy of *ZooLife Magazine*, animal sounds, and animations that will capture the imagination of all who play. **See page 10 for more details.**
