THE TOTAL SOLUTION TO YOUR STUDENT RECOGNITION NEEDS

This catalog reveals four great new ways to enhance your existing personal recognition program this Spring.

We've added exciting colors and designs to our selection of deluxe pre-printed certificate paper. See Page 15.
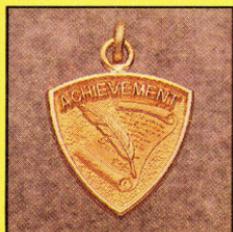

One of our five new Jewelry designs.

Light up student's eyes with gold and silver plated award pins, charms or tie tacks set with semi-precious stones. See page 22.

Dazzle the next winner with shimmering colors you can add to an award with your black and white laser printer! See Page 20.

Baudville's Big Benefits

NETWORK VERSIONS - Programs available in Network versions are flagged in this catalog.

FAST DELIVERY- Your order will be shipped within 48 hours!

BACK-UP YOUR PURCHASE - Save by ordering back-up disks at the time of your purchase. $30.00 for Laser Award Maker and $10.00 each for all others. Ordered after purchase, cost is $35 and $12.50 respectively.

This catalog is printed on recycled paper.

LAB PACKS - Set of six complete programs.

PRINTING SERVICE - We'll print for you at reasonable rates with fast turn-around!

DIPLOMAS - Order your own customized diploma styles.

NO RISK GUARANTEE
If for any reason you are unsatisfied with a product purchased directly from Baudville, return it to us within 30 days of receipt for a full cash refund or exchange.
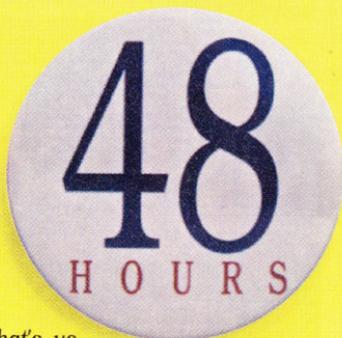

New! Award Maker
Plus Storage Case.

Gather all your Award Maker Plus software and documentation in one, dust-free place with our new storage case. See Page 7.

And if you haven't yet reaped the benefits of an award program, check out our new Award Maker Plus Bundle on page 9. It's a terrific value!

That's us at left, eagerly awaiting your order. Most orders (namely software and paper) are shipped within 48 hours.

Baudville Opens Doors to Exciting Programs for Home and School

Create Exceptional Personalized Awards at Home or School

Award Maker Plus

Network version available
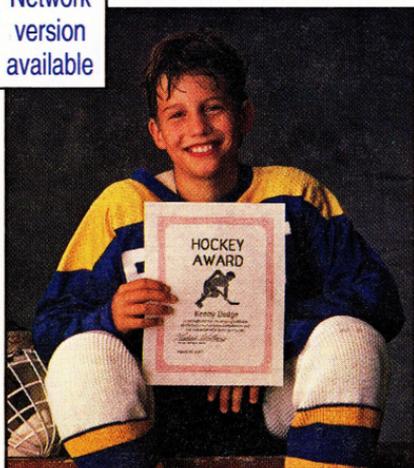

Creating your own personalized awards is a breeze with Award Maker Plus. Do it in minutes on virtually any computer: IBM PC, Mac, Apple II, Amiga, or Commodore!

Designed for use with most popular dot matrix printers, Award Maker Plus yields impressive results. So good, in fact, that it won the Software Award of Excellence and the Parents' Choice Award. Even more important, it has also received rave reviews from our customers, parents, teachers, community leaders and business people all over the country.

Choose from 286 styles!

You'll be amazed at your first personalized award printed from Award Maker Plus. It's so flexible and easy to use. Just apply your choice of four typefaces and ten remarkably

detailed borders to to any of 286 award styles, many complete with illustration. Create certificates and awards for everything from band membership to best in math. Print in any of 15 colors. Only Award Maker Plus offers such a rainbow of color choices.

Here's more good news!

Making diplomas is a snap! You can print out numerous certificates, each with a different student's name. Names can be imported from other text files.

Be creative! You'll be delighted with the results and so will your students!

System Requirements

Most versions can be installed on hard disks, and can be used with most popular dot matrix printers unless otherwise noted below. None of the versions are copy protected.

IBM or MS-DOS compatible with 256K RAM. DOS 2.0 or later. All IBM compatible video displays are supported.

Macintosh with 512K RAM. Supports ImageWriter/II/LQ and LaserWriter/Plus/IINT/IINTX only. (LaserWriter supported at 150 dpi only.)

Any Apple II family computer. Recommend two disk drives. 64K or 128K RAM Required, see below.

Amiga with 512K RAM. WorkBench vs. 1.3 or later. Supports only dot matrix printers with WorkBench vs. 1.3 printer drivers. Many popular printer drivers are provided.

Atari 520ST or 1040ST. Monochrome and color monitors supported.

Commodore 64 or 128. Most popular printer interfaces are supported. Some printers are NOT supported including Commodore MPS 801 and 803.

IBM and Mac Versions Support Most Laser Printers

Macintosh™ version works with all 300 dpi Mac-compatible laser printers, including all Apple LaserWriters® and the Hewlett Packard DeskWriter™. It is not dependent on PostScript®, but QuickDraw is required. Macintosh System 6.0 or later is required, and at least 1MB of memory. Hard disk is recommended.

IBM® version works on any IBM® or MS-DOS® compatible with 640K RAM. DOS 2.0® or later is required. All IBM® compatible video displays are supported. Supports any Hewlett-Packard LaserJet®, DeskJet® or compatible printer capable of full-page, 300 dpi graphics. Some printers may require additional RAM. Hard disk is recommended.

- Illustrated manual.
- Portrait or landscape formats.
- Choose from several document sizes.
- Create a Name List or import one from a text file to print awards for an entire group.
- Four high-resolution type fonts.
- Twenty high-resolution borders.
- Sampler Pack of parchment paper, pre-printed color border stock, Gold Foil Award stock, ribbon and seals.

Add Class to Your Awards with Parchments and Borders

French Parchment Papers

High-quality parchment stock, milled in Michigan, adds a professional touch to every document you design.

Choose from three colors: Bluesmoke, Aged or Natural. All are available in either continuous or single sheets. Pinfeed guides on continuous sheets are laser cut to yield crisp, clean edges when removed.

For your convenience, Baudville also offers a French Parchment Pack of 50 Aged and 50 Natural, single or continuous sheets.

When ordering, specify color code: Aged (A), Natural (N) and Bluesmoke (B).

Aged

Natural

Bluesmoke

Pre-Printed Borders

High-resolution, lithographed borders add color and style to awards. The border is complemented with a subdued interior pattern allowing maximum image density. The paper, a Gilbert Neu-Tech 24 lb. Bright White, is specifically designed to get the right results from electronic printing systems with its special qualities: Cotton content for strength, luster to enhance image density, archival quality in neutral pH for long display life, strict moisture control for uninterrupted performance, no static, no curling, no jamming.

Lasting Impressions: Gold Seals and Personalized Embossers.

Personalized Embosser

Few things look so official, so <u>important</u>, as an embossed gold seal. Now you can add seals with your school name to all your awards. All, of course, at an inexpensive price.

Personalized embossers with your choice of center emblems.

Choose from over 65 center emblems, including professional symbols, state seals, religious items and more.

- *Lamp of Knowledge*
- *Most State Seals*
- *Hand Shake*
- *Lightning Blolt*
- *Five Point Star*
- *Star of David*

- *Bible*
- *Cross*
- *Church*
- *Eagle*
- *Shield*
- *Book*
- *Heart*
- *Horse*

- *Horse Head*
- *Indian Head*
- *Wild Cat*
- *Elk*
- *Moose*
- *Crown*
- *Medical*
- *Computer*

Then tell us what (up to 40 characters, see Order Form page 31) you'd like circled around the emblem.

We'll create an embosser just for you. Specify large embosser, small embosser or insert only. Allow two weeks for delivery.

Personalized and custom embossers are available in large or small desktop models, or as inserts only.

Spot Color with Your Black & White Laser Printer

LaserColor™

This brand new product lets you add vibrant color to your awards. It's very easy to use and the metallic paper runs safely through your dry toner copier or laser printer. Just tape LaserColor over areas you want to be metallic (your logo, for instance). Then hand-feed the page through your printer or copier.

The heat makes the metallic finish stick to toner. When the page comes out, just peel LaserColor away to reveal a perfect, metallic image.

LaserColor comes in seven vibrant colors and detailed instructions. Each sheet is 8.5" x 11".

LaserColor	Item #	Price
Single Color 10 Pack	400	24.95
Multi Color 7 Pack (One of each color)	400LCS	24.95

Develop Creative Genius with Baudville Computer Graphics
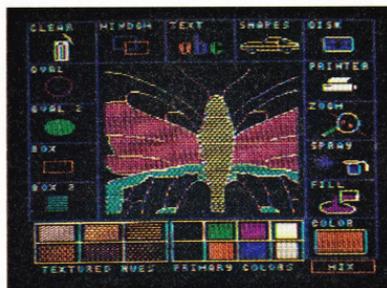

Blazing Paddles

An award-winning paint program for all ages. The all-in-one illustrator.

This program is so versatile that preschoolers can use it like a coloring book, yet it is sophisticated enough for computer artists of any age or level.

Mix colors, airbrush images, draw with ovals, lines and rectangles. Zoom feature allows pixel editing while viewing the results at full scale. Text fonts and pre-drawn shapes are a part of the program and may be added at any time. A printer dump for dot-matrix printers is included.

Blazing Paddles / 5.25" disk only	Item #	Price
Apple II+, IIe, IIc, IIGS w/48K	04441	34.95
Commodore 64	04422	34.95
Lab Pack		104.85

Recommended age level: Pre-school to Grade 6.

Shapes & Fonts II

Clip art adds 12 text styles and hundreds of pre-drawn shapes to Blazing Paddles. Use wherever more sophisticated styles are needed.

Commodore 64	26602	24.95

The Only Paint Program for all Apple II Computers

816/Paint

One standard user interface, a consistent set of tools across all four Apple®II graphic modes, and support for a wide variety of printers and interfaces makes 816/Paint the program of choice for school systems with a variety of Apple®II Computers.

There are actually four paint programs in 816/Paint (one for each Hi-Res graphics mode.) Also included is a file utility program that will read and write DOS 3.3 as well as ProDOS disks. Standard Hi-Res and Double Hi-Res modes provide compatibility with Apple IIc and IIe and the existing base of Apple II graphics. The Super Hi-Res modes access the full graphics capability of the Apple IIGS.
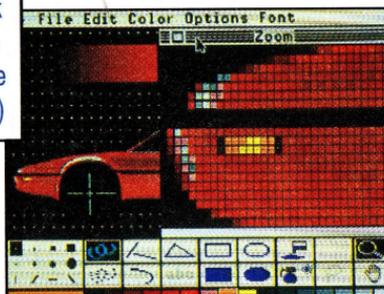

"We're thrilled with 816/Paint. It has all the tools of contemporary paint programs, plus the ability to work in standard resolution."

816/Paint Has It All!:

- 2 ProDos disks: a 3.5" 800K disk for the Apple®IIGS, and a 5.25" disk for Apple®IIe,IIc and IIcPlus machines.

- Capability to read and write to DOS 3.3 for compatibility with existing Apple®II graphics.

- An easy-to-use icon menu that works the same in all graphics modes.

- The entire screen is visible when you're painting. Menus appear only when needed.

- A 4096 color palette in the Super Hi-Res mode.

- Flexibility. Any object can be scaled, rotated, stretched or used as a paintbrush.

816/Paint	ITEM #	PRICE
Apple® IIe, IIc, IIcPlus, IIGS	24731	75.00

128K Minimum. Super Hi-Res modes require 512K.

Includes 3.5" and 5.25" disks. Not copy protected.

Grades 6 and up.

Blazing Paddles recommended for lower grades (page 23)

Computer Art Lesson Planning Made easy.

816/Paint Education

Two art educators, each with 20 years classroom experience, collaborated to bring you this step-by-step approach to teaching creative self expression with 816/Paint. Roberta Schwartz and Michael Callery show you how to integrate the computer into the art curriculum. Every topic that you would want to explore with your class is carefully presented in easy-to-follow steps.

> 66 *An excellent choice for schools that are acquiring the IIGS, but still have a large inventory of IIe and IIc machines.* 99

Here's What You Get:

- A 130-page Teacher's Guide in a durable 3-ring binder.

- 38 classroom activities with additional suggestions for each.

- 7 reproducible student handouts.

- Background material and helpful appendices.

- A 50-page spiral-bound users manual, well-illustrated, clearly organized and indexed.

- 4 ProDOS disks: one 3.5" 800K disk for the Apple IIGS, IIcPlus; one 5.25" disk for Apple IIe, IIc, IIcPlus computers; one set of back-up disks.

- 20 Student User Manuals

Tomorrow's Movie Moguls May Be Born in Your Class!

Take 1 Deluxe
Storyboards and Computer Generated VHS Presentations

Here's a great opportunity to make your own instructional films, presentations and demonstrations using animation and computer graphics. Or use Take 1 to encourage students to make their own films. Let them show you they understand a concept by making a movie about it! What a way to teach!

Take 1 allows users to develop their own scripts and graphics, animate pictures and words, sequence computer screens and record direct to a VHS tape. Easy-to-use menu-driven programs let you "shoot" scenes frame-by-frame, add text and combine scenes to make a movie. Free Actors & Actions Library included.

Zany Zingers & Characters
Animation Library

Use this animation library with Take 1 and you'll add 782 actors, actions and backgrounds to your program.

Take 1 Programmer's Toolkit
Supercharge BASIC programs with Powerful Graphics and Animation!

This toolkit is flexible and powerful enough for most serious programming applications, yet easy enough for beginners. Before you write a line of code, you can see how graphics, animation and Hi-Res text will appear. The Toolkit uses BASIC ampersand commands.

A Guitar Player's Dream Come True!

Guitar Wizard

It's Hi-tech hot licks!

Guitar Wizard that helps guitarists learn and analyze fingerings and fretboard patterns for all types of chords and scales. The fretboard, notes, intervals, and finger positions are shown in clear graphic displays that teachers, with the printing feature, can use to develop custom lessons and study materials.

Guitar Wizard consists of four areas of study:

- CHORD WIZARD — Locate chords at different positions on the neck. Displays fingerings, intervals, and notes. Works with standard guitar tunings only.

- SCALE WIZARD — Locate scales at different positions on the neck. Displays fingerings, intervals, and notes. Works with standard guitar tunings only.

- FRETBOARD WIZARD — Shows fretboard harmony for chords and scales over the entire neck. Tuning of individual strings can be changed for use with "open" guitar tunings and other types of fretted instruments.

- IMPROVISATION WIZARD — Shows recommended scales for improvisation on different types of chords.

" *Guitar Wizard is almost as educational as having Yngwie, Eddie, and Chet Atkins as next-door neighbors.* "

Skill Building Fun!

Video Gammon

Backgammon is a fast-paced and exciting game that combines strategy and luck. From the ancient Egyptians to modern times, backgammon continues to be one of the most popular board games. You can learn the basic game in minutes. yet the techniques of backgammon experts can take years to master.

Video Gammon is perfect for new players just learning the game, yet provides features for the serious players who want to sharpen their skills or practice tournament match play. You can choose from three computer opponents with different styles of play: conservative, strategic, and very aggressive.

Age Level: PG13.

# Hours of Enjoyment for the Young and the Young at Heart!

Ted Bear Games
Classic Games: Concentration, Old Maid, and GoFish.

"Card games are an excellent way to help children grow intellectually and emotionally. They entertain and at the same time help young children develop their ability to concentrate and use strategy."

"The Ted Bear Game's package is designed to take advantage of these traditional aspects of card games while adding new dimensions through the use of the computer. The successes that young children have as they play a game against a computer can foster an ever-growing sense of confidence. Since the computer plays fair and shows no favoritism, children can have healthy experiences learning that they cannot always win or have their way. Ted Bear's acceptance of losing sets a good example as well. This can lead in a very natural way to greater emotional strength and willingness to 'stick to it and do better'. The action-oriented graphics of Ted Bear Games makes words more interesting, reinforces the meaning of each word, and can thus increase a child's desire to read. Finally, the different levels of play available are ideally suited for a child to pace his own growth and level of competition."

Lawrence Dugan, Ph.D

Visual Discrimination Drill and Practice

Mad Match

Ideal for early elementary and special education. Visual discrimination is a basic skill essential to reading, writing, drawing, painting, and many other activities. Mad Match is a fun and easy way to introduce young children to this important skill.

Mad Match is a unique matching game that challenges the player's visual perception with a wide array of fascinating images. The computer takes the role of Image Master, presenting an ever changing stream of pictures to the player who tries to spot matching panes.

The object of the game is to find as many matching pairs as possible before time runs out. In a two-player game you try to find more matching pairs than your opponent.

Selecting **Show Game Progress** from the **Games** menu display the current game progress so the teacher, parent, or player can see the full history of game play, includeing: total number of points, total elapsed time, and the number of breaks taken during the game.
