LIMITED WARRANTY

This software product and the accompanying instructional materials are sold "AS IS," without warranty as to their performance. The entire risk as to the quality and performance of the computer software program is assumed by the user. The user, and not the manufacturer, distributor or retailer assumes the entire cost of all necessary service or repair to the computer software program.

However, to the original purchaser only, DATASOFT warrants that the medium on which the program is recorded will be free from defects in materials and faulty workmanship under normal use and service for a period of ninety (90) days from the date of purchase. If during this period a defect in the medium should occur, the medium may be returned to DATASOFT or to an authorized DATASOFT dealer, and DATASOFT will replace or repair the medium at DATASOFT's option without charge to you. Your sole and exclusive remedy in the event of a defect is expressly limited to replacement or repair of the medium as provided above. To provide proof that you are the original purchaser, please complete and mail the enclosed Product Registration Card to DATASOFT.

If failure of the medium, in the judgment of DATASOFT, resulted from accident, abuse or misapplication of the medium, then DATASOFT shall have no responsibility to replace or repair the medium under the terms of this warranty.

The above warranties for goods are in lieu of all other express warranties and no implied warranties or merchantability and fitness for a particular purpose or any other warranty obligation on the part of DATASOFT shall last longer than ninety (90) days. Some states do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you. In no event shall DATASOFT or anyone else who has been involved in the creation and production of this computer software program be liable for indirect, special, or consequential damages, such as, but not limited to, loss of anticipated profits or benefits resulting from the use of this program, or arising out of any breach of this warranty. Some states do not allow the exclusion or limitation of incidental or consequential damages so the above limitation may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

The user of this product shall be entitled to use the product for his/her own use, but shall not be entitled to sell or transfer reproductions of the product or instructional materials to other parties in any way.

PROGRAMMER'S OPPORTUNITY

Are you an experienced, assembly-language programmer? Have you written an original program that you would like DATASOFT to market? Do you have a terrific concept that would make a great computer product? If you answered "yes" to any of these questions, then we'd like to talk with you!

DATASOFT is actively seeking experienced programmers, state-of-the-art programs, and program concepts for the Apple, Atari, Commodore 64, TI 99/4A, Tandy Color and other personal computers.

If you are a PROGRAMMER:

DATASOFT continually considers qualified applicants to add to our in-house programming staff. Qualified applicants have extensive machine-language experience on the computers listed above and are able to work individually or on teams. Responsibilities include developing arcade-style, adventure, and educational games and home management software for marketing through DATASOFT's extensive domestic and international distribution channels. Also, DATASOFT regularly licenses well-known arcade games, cartoon characters, and other instant recognition names for product development.

If you have a PROGRAM or CONCEPT:

DATASOFT continually evaluates programs and concepts which authors submit for our review. Evaluation criteria include: originality of concept, utilization of graphics and sound, playability, user-friendliness and over-all appeal. We review submissions as quickly as possible and take great care to ensure complete confidentiality and protection for your product or concept.

DATASOFT, a leading marketer of personal computer software, can offer you opportunities that no other software company can. So—if you're ready to join one of the top names in personal computer software, contact our New Product Development Manager at:
