All fonts may be loaded with the text module in *The Complete Graphics System II*, or with *The Complete Graphics System* text routine in your own programs. The small fonts can also be used as is with *Higher Text* from Synergistic Software. To convert a small font to the format used in the *Applesoft Toolkit*, from Apple Computer, Inc., run the program "TOOLKIT CONVERTER" on the small fonts disk. To convert a large font to *Higher Text* format (also used with MPI printers), run the program "HT LARGE CONVERTER", which is on the small fonts disk.

¹ contributed by A.P.P.L.E., the world's largest Apple users' group, 304 Main Ave. S., Suite 300, Renton, WA 98055.
