INSTRUCTIONS

INSTRUCTIONS

1. Boot the Falcons diskette — follow instructions as they appear on the screen.

2. You will see a demo of each of the five strike forces. Press space bar to begin Falcons. (Demo will run until space bar is pressed).

3. First wave of Falcons will appear. You have three ships with which to destroy the strike forces and eliminate alien commander in the mother ship.

4. To begin a new game, press space bar. If you destroy the mother ship, Falcons will begin again ... only this time Falcons will be more difficult.

FALCONS

OBJECT

To break through to the Mother Ship and destroy the alien commander... in as few shots as possible.

STRATEGY

Players must eliminate five types of protective strike forces. But be careful! If you only wing them, they will regenerate themselves.

FALCONS

is ended when your defending ships are destroyed. Should you destroy the alien commander and the Mother Ship, Falcons will begin again... only this time it will be more difficult.
