THOUSANDS OF COMPUTERS ARE GATHERING IN MINNEAPOLIS

The Twin Cities Computer Show will be held Thursday through Sunday, September 16-19 at the Minneapolis Auditorium. This show is the largest presentation of computers and computer accessories ever opened to the public in this area. The show includes mini and micro computers, data and word processing equipment, peripherals, accessories, supplies, software, and video games.

Under one roof you'll see—and be able to buy at special show prices—all of the hardware and software made by every major computer manufacturer for business, industry, the professions, government, education, home and personal use.

If you already own an IBM, DEC, Xerox, TRS-80, or other computer, the show has over five thousand different kinds of compatible products for these computers including printers, hard disks, modems, memory cards, video displays, and synthesizers, plus publications, support services and more!

The Applefest section of the show features over one hundred different companies selling thousands of different Apple compatible products and software including investment programs, word processors, teaching systems, accounting packages and arcade games.

The show's robots, computers and electronic gadgetry will entertain, educate and enthrall kids, spouses, and people who don't know a program from a memory disk. Admission is \$5 for adults and \$3 for children.

MINI'APP'LES MEMBERSHIP COPYRIGHT NOTICE

This document, a list of Mini'app'les members as of record on July 29, 1982, is published for use by the club membership and may not be reproduced or used for commercial purposes. Members who indicated that they did not wish that their name appear in such lists are not included in this list. If any member, whose name appears in this list, wishes to be omitted on subsequent membership lists, he/she should contact the membership coordinator.

WINKE - ZIRKLE

ANNOUNCEMENTS

The **OCTOBER** Mini'app'les Regular meeting, which normally would have been held at the Penn Center, will be at the **UNIV** of **MINN** instead. This change is a result of non availability of the Penn facility on our meeting night. We will probably return to our normal flip-flop between U. of M. and Penn after the November meeting.

There have been some meeting night changes for some of the branches/SIGS.

Mike Carlson moved the **Visicalc** SIG to the Tuesday before the fourth Wednesday of each month, so it would'nt conflict with the Dakota meeting. Unfortunately, that night conflicts with the St. Paul branch! There aren't enough evenings in a month!

The **St. Paul** branch has become very organized. They are electing officers at an election this month and have published meeting topics through January 1983!

There's a new tabloid magazine which is devoted to computers. Its called **TWIN CITY COMPUTER USER**. It is being edited by Dale Archibald and will be distributed free of charge, being entirely supported by advertising. If anyone wants to act as a distribution point, please call 646-4833 to obtain copies.

EDITORIAL

by Dan Buchler

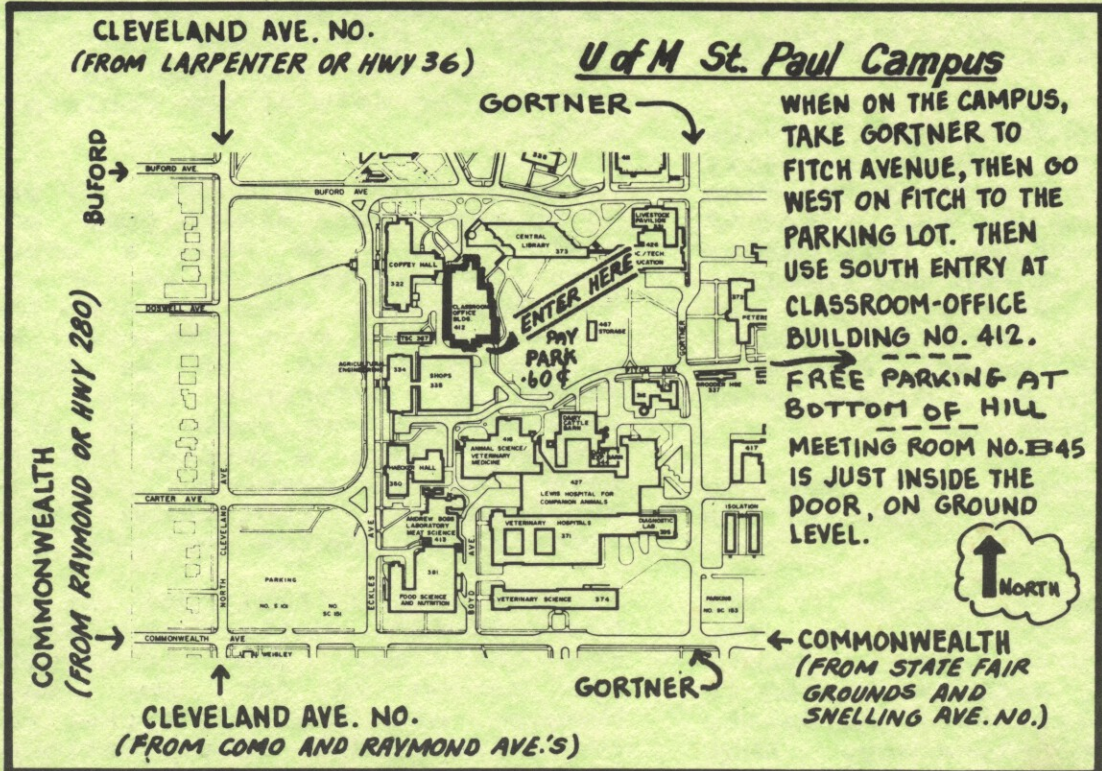

This month's newsletter does'nt contain much if any news! Because the Applefest will be here next month, we are all very busy preparing for that event. The October newsletter will in fact be the Applefest special

edition. We plan to print 3000 copies. Each member will be mailed a copy and the balance will be for sale at our Applefest booth.

Talking about the booth. If you go to the 'fest, please come and visit us. We have a great location, almost dead center of the Applefest show and down the aisle from the main entrance. We plan also to hand out an Apple Technical Reference card. So come collect your copy. We will probably have a special DOM for sale (\$5 to members, \$10 to non-members) containing only locally contributed software.

Tickets to the 'fest cost, at the door, \$5 for adults, and \$3.00 for children. One ticket gets one person in for one day. However with that one ticket you can also visit the National Computer show, which occupies the other half of the Minneapolis Auditorium. At that show you can see some of the 'other' manufacturers' products. We were able to order a few \$3.50 discount tickets, but these were all spoken for at the August meeting.

You will notice that this newsletter contains 8 green pages of Membership names, telephone numbers and Zip codes. This list represents the membership as of the end of July. Those members requesting that their names not be included have been omitted, as have the addressees who receive free copies such as our Newsletter Exchange Program recipients. I want to apologize to the members for the lack of a margin. This was due to a mistake by yours truly plus a slight misunderstanding with the printer, all of which would be too complicated to explain here. As a result of the above, the name indexes at the bottom of a few of the pages are also incorrect.

CLASSIFIED

Looking For Two or three individuals with large and/or active investment securities positions to participate in comprehensive program testing of the STOCKKEEPER. This is a complete record keeping system which writes reports including current position, gains and losses, dividends and more in a way intended for the serious investor. It don't pic-em! But - you will see the historical information presented in a way that assists decision making. If you have these needs or interests just call:
Dave Onan 473-0143

Apple Serial Interface Card - \$125
Gene Eubank 926-7726

Apple II + , 48K, Apple Drive, Monitor, Apple Language card, Executive Secretary Word Processor. Make offer
Warren Ostlund 926-3122

NOTICE

We are receiving a large number of checks which are returned by the bank for NSF and for which the bank makes a charge of \$10 per check. As of this notice, we will expect members to cover the \$10 charge as well as the amount outstanding.
