

Copyright Notice

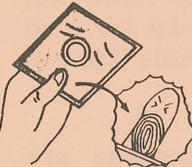

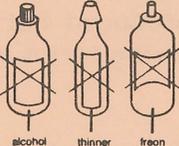

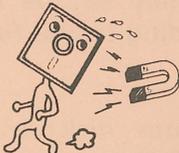

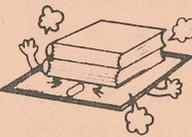

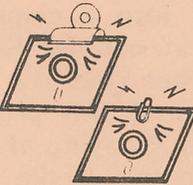

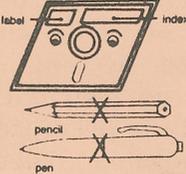

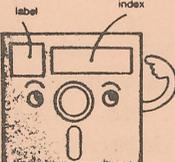

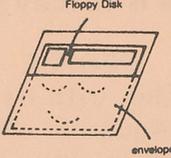

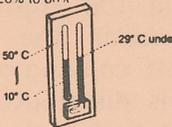

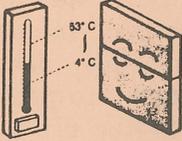

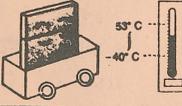

The computer program enclosed in this package is copyrighted by **AQUARIUS PEOPLE MATERIALS, Inc.**, and may not be reproduced but may be used only according to the following terms of this license.

The program disk or disks in this package are to be used only at the facility and location where the program is first loaded into a computer. The program may be loaded into a computer serving a network of terminals at one facility but is not to be used at any other facility or location. Absolutely no distribution of this program beyond that facility is permitted. Copying of this program onto removable recording media is strictly forbidden. The use of the enclosed program disks outside the facility, whether on loan or by sale or otherwise is strictly prohibited.

AQUARIUS PEOPLE MATERIALS, Inc. values its relationship with its customers, such as yourself. However, Aquarius People Materials, Inc. also values its copyrights very highly and is determined to protect them against infringement. To maintain this amicable relationship between Aquarius People Materials, Inc. and you, our customers, it is necessary that we all respect the legal rights of one another, including the rights of Aquarius People Materials, Inc. under the *United States Copyright Laws* to prohibit copying or unauthorized use of computer programs distributed and licensed by Aquarius People Materials, Inc.

Floppy Disk Handling and Storage

Handling precautions to protect against possible failure

<p>1. Do not touch disk surface It is easily contaminated, which causes errors.</p> 	<p>2. Do not use alcohol, thinners or freon to clean disk</p> 	<p>3. Do not use magnets or magnetized objects near the disk. Data can be lost from a disk exposed to a magnetic field.</p> 	<p>4. Do not bend or fold the disk.</p> 
<p>5. Do not place heavy objects on the disk.</p> 	<p>6. Do not use rubber bands or paper clips on the disk.</p> 	<p>7. Do not write on disk label with pencil or ball-point pen. Use felt-tip pen only</p> 	<p>8. Do not use erasers on disk.</p> 
<p>9. Apply index label to the right of Maxell label. Do not use labels in layers.</p> 	<p>10. Insert carefully, by grasping upper edge and placing it into the drive.</p> 	<p>11. Keep disk in its protective envelope when not in use.</p> 	<p>12. Disks not being used should be stored vertically in their box.</p> 
<p>13. Do not expose the disk to excessive heat or sunlight.</p> 	<p>14. Operating environment. A. Temperature: 10°C to 50°C (50°F to 122°F) B. Wet Bulb Temperature: Less than 29°C C. Relative Humidity: 20% to 80%</p> 	<p>15. Storage environment. A. Temperature: 4°C to 53°C (40°F to 127°F) B. Relative Humidity: 8% to 80%</p> 	<p>16. While in transit the disk should be in its envelope in a protective box within the following ranges: A. Temperature: -40°C to 53°C (-40°F to 127°F) B. Relative Humidity: 8% to 90%</p>
