

GS/OS File System Translators

(c) 2008 by Brutal Deluxe

Hello,

Antoine Vignau and Olivier Zardini, founders of Brutal Deluxe Software, are proud to introduce their newest software to the Apple IIGs® community.

rDOS 3.3 File System Translator is a new GS/OS File System Translator that handles disks based on the rDOS 3.3 file system. The rDOS 3.3 File System Translator works in conjunction with an updated version of the AppleDisk 5.25 driver.

DOS 3.3 File System Translator is an updated GS/OS File System Translator that handles disks based on the DOS 3.3 file system. The DOS 3.3 File System Translator works in conjunction with an updated version of the AppleDisk 5.25 driver. The DOS 3.3 File System Translator now supports formatting and erasing.

DOS 3.2 File System Translator is a new GS/OS File System Translator that handles disks based on the DOS 3.2 file system. The DOS 3.2 File System Translator works in conjunction with an updated version of the AppleDisk 5.25 driver. The DOS 3.2 File System Translator is read-only.

Please, open the Documentation folder for more information.

Installation Manual

1/ Double-click the "Installer" program.

2/ Select your startup disk

3a/ Install the DOS 3.2 File System script onto your boot disk.

The following files are copied onto your startup disk:

- System:Drivers:AppleDisk5.25**
- System:FSTs:DOS3.2.FST**

3b/ Install the DOS 3.3 File System script onto your boot disk.

The following files are copied onto your startup disk:

- System:Drivers:AppleDisk5.25**
- System:FSTs:DOS3.3.FST**

3c/ Install the rDOS 3.3 File System script onto your boot disk.

The following files are copied onto your startup disk:

- System:Drivers:AppleDisk5.25**
- System:FSTs:rDOS3.3.FST**

4/ Restart your computer.

Minimum System Requirements

The program requires at least 16KB of free memory.

It has been tested on Apple IIgs ROM 01 & ROM 03 versions.

It is compatible with System 5.x and above.

An AppleDisk 5.25 or a Disk II with its interface card is required.

Limited Warranty

Many of the designations used by manufacturers and sellers to distinguish their products are claimed as trademarks. Brutal Deluxe assumes no responsibility for damages resulting from the use of the program.

In no event will Brutal Deluxe be liable for any loss or profit or any other commercial damage, including but not limited to special, incidental, consequential, or other damages.
